TRANSLATOR's NOTES

Tarou thought Jii was cute, and I think most of you also thought that Jii was cute, but now you all know the shocking truth that she is actually a he.

For clarification, Jii's name is rather confusing because it can either be read as 'Zi' or 'Jii'. The name is written in Katakana "ジィ" the first character being "Ji" and the second "I". The interesting thing is the second character is in half width form rather than being extended "I" sound (ジー) if it was an extended form it can be "Zee" since it's a rather solid sounding 'Jii' we'll stick with this name. ^_^

While we're on the subject, apparently Morishige made another story and the main character seems to be an incarnation of Jii. Looks familiar?

<-- This is Yuki and yes, Yuki is also a he. Yuki is a cute high school student, but the fact that Yuki is a guy troubles Masato a lot! You can read more about Yuki and Masato in "No Bra".
